Drug-Free Workplace Policy

Effective January 1, 2008

Purpose and Goal

J&M Connections LLC is committed to protecting the safety, health and well being of all employees and other individuals in our workplace. We recognize that alcohol abuse and drug use pose a significant threat to our goals. We have established a drug-free workplace program that balances our respect for individuals with the need to maintain an alcohol and drug-free environment.

- This organization encourages employees to voluntarily seek help with drug and alcohol problems.

Covered Workers

Any individual who conducts business for the organization, is applying for a position or is conducting business on the organization's property is covered by our drug-free workplace policy. Our policy includes, but is not limited to CEO, executive management, managers, supervisors, full-time employees, part-time employees, off-site employees, contractors, volunteers, interns and applicants.

Applicability

Our drug-free workplace policy is intended to apply whenever anyone is representing or conducting business for the organization. Therefore, this policy applies during all working hours, while on call, paid standby and while on organization property.

Prohibited Behavior

It is a violation of our drug-free workplace policy to use, possess, sell, trade, and/or offer for sale alcohol, illegal drugs or intoxicants.

Notification of Convictions

Any employee who is convicted of a criminal drug violation in the workplace must notify the organization in writing within five calendar days of the conviction. The organization will take appropriate action within 30 days of notification. Federal contracting agencies will be notified when appropriate.

Drug Testing

To ensure the accuracy and fairness of our testing program, all testing will be conducted according to Substance Abuse and Mental Health Services Administration (SAMHSA) guidelines where applicable and will include a screening test; a confirmation test; the opportunity for a split sample; review by a Medical Review Officer, including the opportunity for employees who test positive to provide a legitimate medical explanation, such as a physician's prescription, for the positive result; and a documented chain of custody.

All drug-testing information will be maintained in separate confidential records.

Each employee, as a condition of employment, will be required to participate in pre-employment, random and post-accident testing upon selection or request of management.

The substances that will be tested for are: Amphetamines, Cannabinoids (THC), Cocaine, Opiates and Phencyclidine (PCP).

Testing for the presence of the metabolites of drugs will be conducted by the analysis of urine.

Any employee who tests positive will be required to successfully complete recommended rehabilitation including continuing care, required to pass a Return-to-Duty test and sign a Return-to-Work Agreement and terminated immediately if he/she tests positive a second time or violates the Return-to-Work Agreement.

An employee will be subject to the same consequences of a positive test if he/she refuses the screening or the test, adulterates or dilutes the specimen, substitutes the specimen with that from another person or sends an imposter, will not sign the required forms or refuses to cooperate in the testing process in such a way that prevents completion of the test.

Consequences

One of the goals of our drug-free workplace program is to encourage employees to voluntarily seek help with alcohol and/or drug problems. If, however, an individual violates the policy, the consequences are serious.

In the case of applicants, if he or she violates the drug-free workplace policy, the offer of employment can be withdrawn. The applicant may reapply after six months and must successfully pass a pre-employment drug test.

If an employee violates the policy, he or she will be subject to progressive disciplinary action and may be required to enter rehabilitation. An employee required to enter rehabilitation who fails to successfully complete it and/or repeatedly violates the policy will be terminated from employment. Nothing in this policy prohibits the employee from being disciplined or discharged for other violations and/or performance problems.

Return-to-Work Agreements

Following a violation of the drug-free workplace policy, an employee may be offered an opportunity to participate in rehabilitation. In such cases, the employee must sign and abide by the terms set forth in a Return-to-Work Agreement as a condition of continued employment.

Assistance

J&M Connections LLC recognizes that alcohol and drug abuse and addiction are treatable illnesses. We also realize that early intervention and support improve the success of rehabilitation. To support our employees, our drug-free workplace policy:

- Encourages employees to seek help if they are concerned that they or their family members may have a drug and/or alcohol problem.
- Encourages employees to utilize the services of qualified professionals in the community to assess the seriousness of suspected drug or alcohol problems and identify appropriate sources of help.
- Ensures the availability of a current list of qualified community professionals.

Treatment for alcoholism and/or other drug use disorders may be covered by the employee benefit plan. However, the ultimate financial responsibility for recommended treatment belongs to the employee.

Confidentiality

All information received by the organization through the drug-free workplace program is confidential communication. Access to this information is limited to those who have a legitimate need to know in compliance with relevant laws and management policies.

Shared Responsibility

A safe and productive drug-free workplace is achieved through cooperation and shared responsibility. Both employees and management have important roles to play.

All employees are required to not report to work or be subject to duty while their ability to perform job duties is impaired due to on- or off-duty use of alcohol or other drugs.

In addition, employees are encouraged to:

- Be concerned about working in a safe environment.
- Support fellow workers in seeking help.
- Report dangerous behavior to their supervisor.

It is the supervisor's responsibility to:

- Inform employees of the drug-free workplace policy.
- Observe employee performance.
- Investigate reports of dangerous practices.
- Document negative changes and problems in performance.
- Clearly state consequences of policy violations.

Communication

Communicating our drug-free workplace policy to both supervisors and employees is critical to our success. To ensure all employees are aware of their role in supporting our drug-free workplace program:

- All employees will receive a written copy of the policy.
- The policy will be reviewed in orientation sessions with new employees.

Thank you
